# PRINTABLE CHESS SET!

made by

CHESS FUN FOR LITTLE ONES!

## THIS SET CONTAINS

1 foldable chess board

32 character chess pieces

20 star icons

15 lava icons

## WHAT YOU'LL NEED

A printer

Scissors

A glue stick, sticky tape or stapler

## TOP TIPS!

1

If you only want the board and one of each piece, you only need to print the first 3 pages!

2

Use 100 - 150gsm paper for a more sturdy chess set!

3

Want to practice how the pieces move? Use the star and lava icons to create practice games where you collect the stars and avoid the lava!

4

Set your printer's settings to be borderless to ensure everything prints out the right size!

5

Glue your board to a cereal box or cardboard for extra sturdiness!

6

Protect the squares on your board by folding it inwards when storing it!

Version 3

1

Left side of the board

1. Cut along this line (don't cut around the rest of the board to give it a nice border)

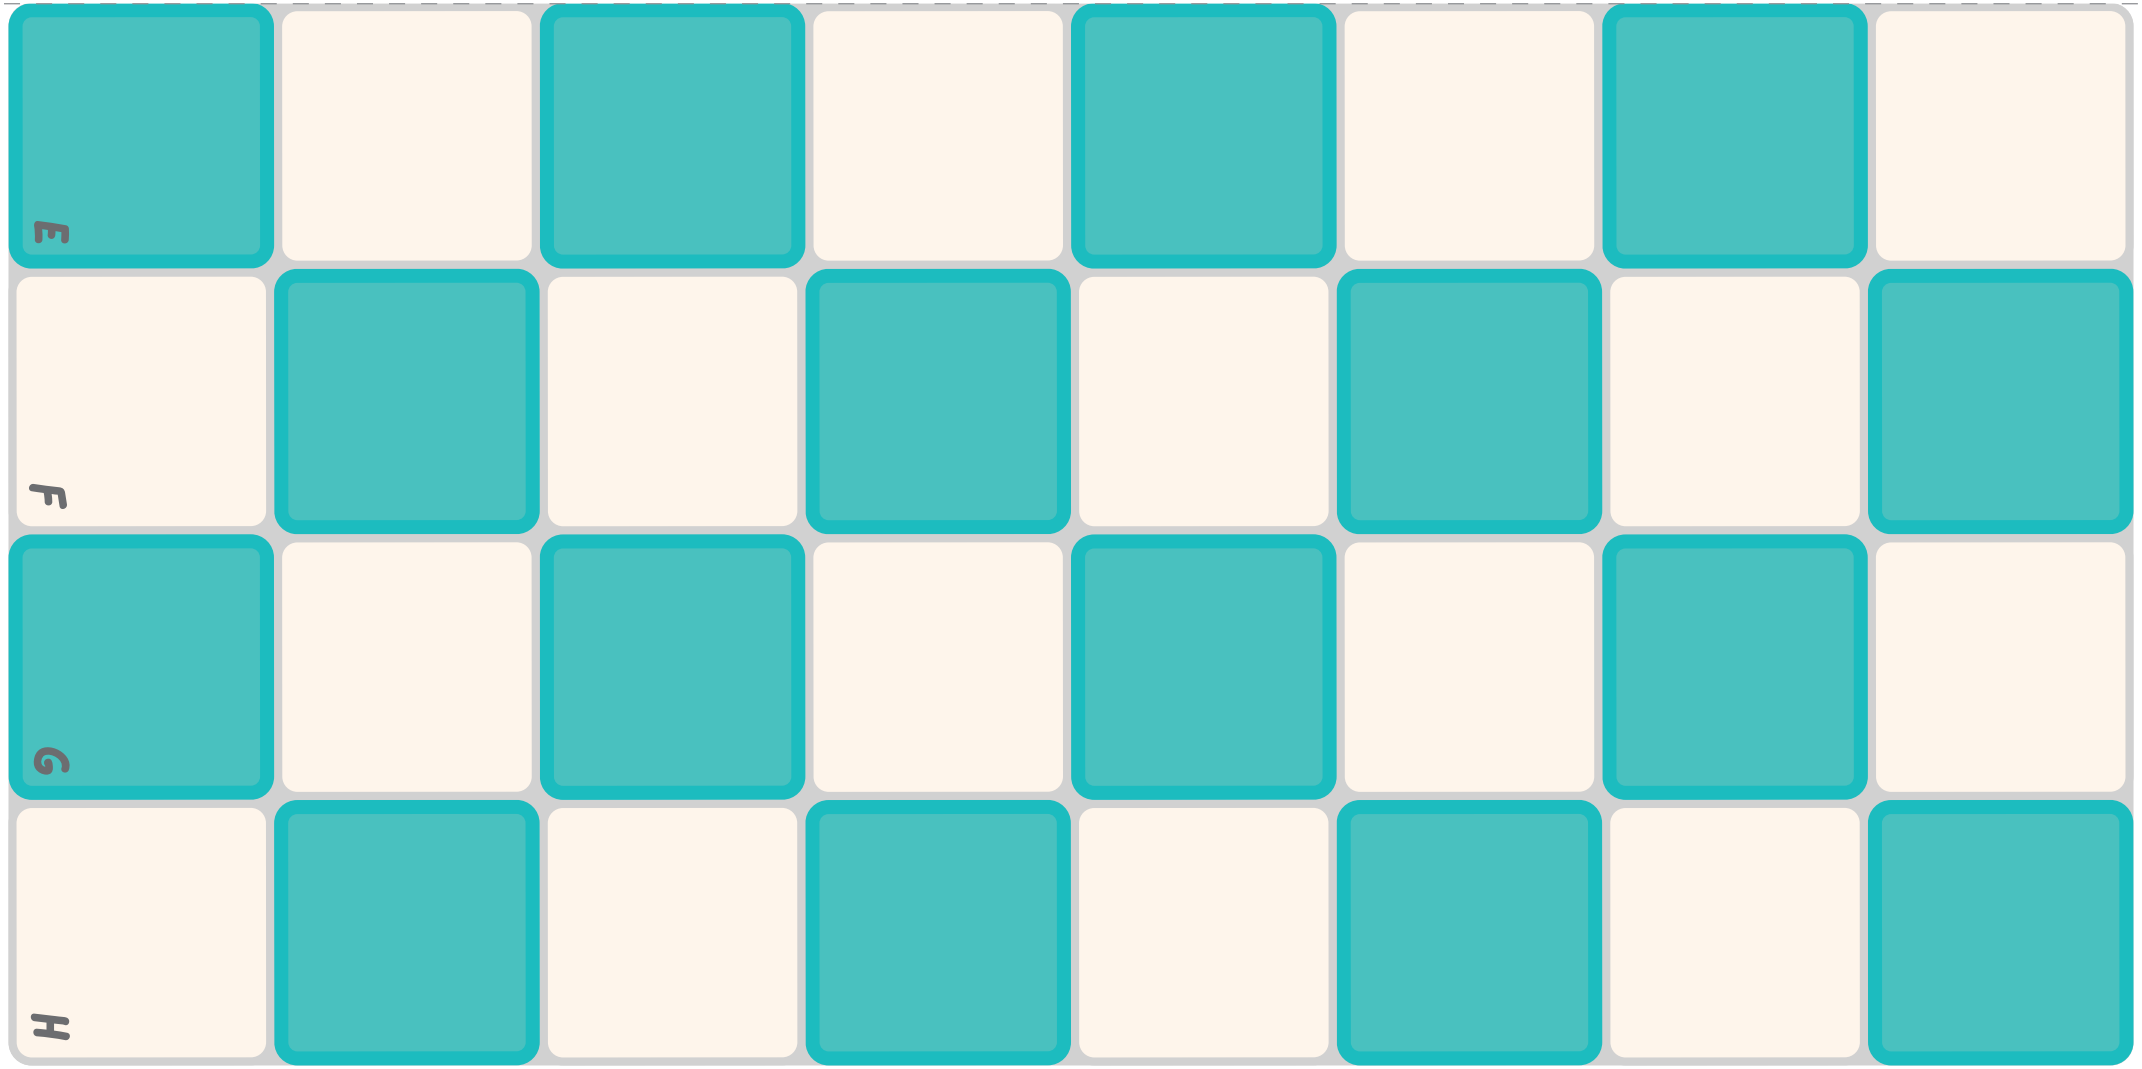

2

Right side of the board

4. Glue this side of the tab to the bottom of the other half of the board (make sure the squares with the letters are along the bottom)

3. Cut along here to create a tab

2. Fold towards you along this line to make your board foldable!
